The Amwaj Islander

Letter from the MD

Dear Amwaj Islanders,

Over the last few months we have seen the number of residents increase tremendously, and could not be prouder of the way our 'community' is developing. We have received numerous inquiries as to when we will be releasing dates for the Amwaj Marina Market. Your positive feedback and enthusiasm has encouraged us to start preparing for the new season and we're happy to announce that the first one will kick off this December.

We are fast approaching our two-year anniversary of the Amwaj Islander and, consequently, are looking forward to launching a revamped newsletter with a refreshed 'look and feel' to ring in the New Year. We are working towards improving our content and would love to hear from you. In the spirit of celebration, we will select and reward the top three improvement suggestions and ideas for the Amwaj Islander and announce the winning entries in the January issue! Therefore, please submit your ideas by the end of November. And lastly, no Amwaj Islander would be complete without commenting on the weather! Thankfully, the temperatures are beginning to drop which translates into more outdoor events for the Amwaj community. We are looking at a list of our most popular events, as well as potential activities we could organise for the family. If you would like to see a particular event or activity come back to the island, or start taking place, please let us know.

We are ready to kick off the Autumn season and are looking forward to hearing from you and seeing you all at one of our community events in the near future.

Enjoy this issue of the Amwaj Islander!

Sincerely,

Jameel Almatrook

Managing Director, Amwaj Islands.

Behind The Name -LE SUMMIT

Mousa Al-Mousa, an ex-Banker from the Kingdom of Saudi Arabia, and owner of 'Le Summit', wanted to develop something special and

unique in Amwaj, something over the top; memorable - and he managed to do just that. Le Summit is an apartment building of pure elegance from its exteriors all the way to its interiors. Each apartment is unique, where they all have varied designs. "I wanted people to walk in and feel at home, feel comfort, not as if they were walking into a typical apartment where everything is ordered in bulk."

Al-Mousa is a 'hands on' individual where he personally picked everything from the aluminum cladding on the exterior of the building - which no other development in Amwaj has - to the door knobs and paintings on the walls.

The development was called 'Le Summit', meaning the top, because they wanted to get straight to the point. The building is the 'top of the top', the 'creme de la creme' as some may say. No cliché names needed.

Only a simple, memorable, and elegant name which depicts all of what the building holds. Located opposite the Amwaj Marina, Le Summit comprises of 16 apartments.

Position/Company:

Operations Manager at Refining Concepts-Management Company of '5' Spa

Tell us about '5'.

Our aim for '5' has always been to create the ultimate beauty destination for hands, feet, body and face and, from the ever increasing buzz, it seems we're well on the way to achieving our goal. The excitement surrounding '5' comes from all quarters;

from the management company behind the concept, from '5's team of expert technicians and, crucially, from our rapidly growing loyal base of discerning clients.

When was it established and by whom?

We are fast approaching the 1st Anniversary of '5'. Of course, in the time leading up to the launch of our flagship operation in Amwaj, a great deal of strategic planning was put in place by business development company, Refining Concepts. As the backbone of 5's management systems, Refining Concepts consistently works to provide what we see as 5's commitment to our clients; to provide the height of expertise, unparalleled industry knowledge, state-of-the-art techniques and high-end products all from within the ultimate in luxurious and indulgent surroundings.

What are 5's Specialities?

As our aim is to provide the ultimate in beauty, I would say that each and every service, product and technique we provide or perform is exceptional. Having said that, at the conceptualisation phase, Refining Concepts recognised a gap in a very saturated market; at 5 we are unique in our attention to and accent on

hygiene and cleanliness practices and processes in the field of beauty. 5 sets itself apart by combining the height of interiors luxury, indulgence and opulence with clinical chic and optimal cleanliness techniques.

When did you open in the Lagoon?

We opened in October 2011.

Has it exceeded your expectations?

Our expectations have been and always will be to provide the ultimate in all areas concerning 5. We continuously work towards retaining a full and rounded knowledge of the beauty industry, to provide on-going training to our technicians, and to fulfilling our commitment to our clients. We are delighted by our fast growing reputation which we are confident we live up to.

What are your future plans for 5?

We believe that the future for 5 holds no bars. Our management company, Refining Concepts, is focused on penetrating the high-end Bahrain market, but also has plans to launch further branches of 5 Spa throughout the GCC.

What is your favourite motto in life?

Well, with my '5' hat on I would like take the liberty of borrowing two of the immortal Coco Chanel's lines... 'Simplicity is the keynote of all true elegance' and 'a girl should be 2 things; classy and fabulous'.

Would you recommend other businesses to open in the Lagoon?

The Lagoon, like 5, is a destination. The beauty and elegance of the Lagoon is very much in line with our particular business so, for 5, it's been the perfect location. I would definitely recommend the Lagoon as a base for other companies thinking of launching or expanding their businesses.

What are your thoughts about Amwaj Islands as a whole?

It's unique. In line with '5' Spa, in Bahrain there is no other place like it!

Clinical Chic... Immaculate Indulgence

The launch of '5's flagship spa in The Lagoon has made Amwaj residents the envy of all ladies in 'the know'. This ultimate beauty destination for nails and body is set to take the Gulf region by storm, as it looks to expand its trademark chic and cutting-edge expertise.

Offering the perfect mix of luxury, indulgence and glamour combined with a high-end product portfolio, state-of-the-art beauty techniques and a forward-thinking clinical approach, '5' has been created to provide a truly unique experience.

From the refined and elegant etched glass entrance door, to the dazzling, oversized candy-coloured nail polish artwork, through to the bespoke, sumptuous armchairs in sparkling white, 5's

attention to detail is unrivalled. Whilst maintaining the look and feel of a design-led, luxurious, decadent and, ultimately, indulgent salon, 5's operations are cleverly managed with the undertones of a specialist clinic.

5's technicians not only excel at the art of beauty, but also take cleanliness and hygiene issues and procedures to a new level, setting 5 apart as a true force in the field of beauty.

In an ever-diversifying industry, 5's management aims to provide a product list as exclusive as the clients themselves! Visit '5' for the ultimate beauty experience amidst the epitome of chic elegance.

In fact the open lobster raviolo is Head Chef Vito prize dish of the new offerings displaying a simple twist on the traditional closed pasta recipe. Yumminess Cupcakes A Hidden Secret in Amwaj, Revealed!

Noora Al-Mansoori, a Computer Science graduate and an entrepreneur, has worn a lot of hats in her career from Treasury and Web Designing to Business Development. However, her career also comes in the form of delicious goodies, where at 25 years old, the focused and driven entrepreneur started “Yumminess Cupcakes” - a Bahraini home-based artisan Bakery that focuses on having its own unique designs and flavours. Noora is the owner and founder of this secret, which we have recently discovered in Amwaj.

“I didn’t go to a pastry school or attend classes,” says Noora. All her skills were curved from her dedication to this form of art with her day-to-day intensive practice at home by watching videos and pictures and in turn, teaching herself how to bake. “At the start, it was just a beautiful edible art that I wanted to learn about. I then began to bake and decorate cupcakes for my friends and family who encouraged me to pay more attention to it and turn it into a fun career. Little did I know that my career would interestingly transform from sitting behind a desk and a computer, to mixing some ingredients and creating great art out it. And that’s how my artisanal baking journey began.”

Unlike owners of fast-growing bakery chains, Noora hasn’t built her cupcake career through franchising, licensing or an infusion of capital from institutional investors. Yumminess Cupcakes is simply a home-based bakery specializing in handcrafted cakes & cupcakes, brownies, cookies, chocolates, pastries and much

more-- all are home made based on orders, and all prepared from the best freshest ingredients in the market.

Themed desserts is also a specialty at Yumminess Cupcakes where clients give a theme code, number of guests and budget, and Yumminess Cupcakes takes care of all the desserts for the occasion.

While Yumminess Cupcakes may not have a long history in baking, she sure knows how to put a smile on her clients’ faces!

Currently, orders can be picked up from her house in Amwaj. Currently, orders can be picked up from her house in Tala, Amwaj Islands. However due to the success and the increasing number of clients, Noora aims to open a shop by the middle of this year to please all the dessert addicts.

The Wonderfully comedic world of Jeff Innocent!

Looking for something different to do in Amwaj? Well Corners have got just the thing for you! The Comedy Club will take place on Thursday the 4th of October at Corners, Amwaj at 8PM, where tickets will be sold for BD10 with two free beverages. Comedians Jeff Innocent and John Newton will perform.

The comedy club returns with two new brilliant British acts for their roadshow. Witty and direct, they take you for a walk on the funny side through the comedic jungle ensuring a fantastically funny night.

Jeff Innocent is an extremely experienced and popular stand-up comedian, actor, writer and cultural commentator. As a comedian he has appeared on British and international TV and radio and regularly performs in countries as diverse as India, Dubai, Japan, Norway and China to name but a few. He has taken one man shows to the Edinburgh Fringe Festival and is an experienced corporate entertainer. As a writer he has published work in a number of publications on a range of subjects. His acting credits include feature films, historical drama and children's TV. His unique appeal lay in the contrast between his working class lovable rogue persona and his intelligent, educated take on the world.

John Newton has travelled the globe spreading the laughter and is a veritable veteran of the Fringe Festival. In a recent review "John Newton does not need gimmicks, stage characters or personas, as what he has is something far more valuable to any comedian...a good, old-fashioned, 'back to basics' knack for excellent gag writing. John manages to steer clear of cliché or hack material, instead delivering some artfully constructed and very original pieces. Filled with keen observations, John covers a range of topics, leaving the audience contemplating such obscure subjects as the socio-economic stability of 'Thomas the Tank Engines' home island of Sodor" - Funny.co.uk

We have contacted the companies concerned and asked them to provide their operatives' details. Some have already postponed. This must be signed by the resident on the completion of the work. The operative then returns it to security.
